

FUTURES ACADEMY MISSION VIEJO CAMPUS

Dear Mission Viejo Parents and Families,

We will soon be saying goodbye to summer and hello to our new academic year. We are excited to be reopening our campus and welcoming students back to campus for the Fall term, which begins August 31st.

As we reopen, important safety protocols will be in place at our campus. Below are the new procedures that were outlined earlier this week in the letter from Kelly Bozarth, Futures President.

- Staff, teachers, and visitors will complete a daily health assessment
- Parents will receive the daily health assessment to complete with their student before coming to campus
- Hand sanitizers and increased handwashing procedures will be in place
- Campuses will have more frequent deep cleaning after-hours
- Teachers, staff, and students will clean & sanitize their work surfaces after each class
- Masks or face shields will be required when in the campus/building/elevators
- Each campus will have masks, cleaning supplies, hand sanitizer, and surface wipes available for all who need them
- We will temporarily stop all shared meals, group meals, and shared utensils in the break rooms and on campus. Students may bring their own water bottles.
- We will temporarily stop sharing school supplies, such as pencils, markers, notebooks, and paper. Students should continue to bring their own school supplies for class.
- Social distancing procedures will be implemented in all classrooms and common areas
- As a result of social distancing, each campus has a maximum on campus population (students, teachers, staff, and visitors combined), which will result in new schedules so that we allow students to flow in and out of the campus safely.

As part of these new practices, we are required to limit the number of people on our campus at any given time (students, teachers, staff, and visitors combined). To do this, we have created three schedule options to allow our campus community to flow in and out of our campus safely. The schedule options are (a) remain fully online; (b) to return to campus partially (a hybrid schedule); (c) to return fully to campus. We previewed these schedule options at our recent Futures Advisory Board meeting, and the majority of our FAB members selected a hybrid schedule and the second most popular choice was to remain fully online.

We will do our best to honor your top schedule preference (providing we can maintain our required population limits). To help us prepare your Fall schedule, please complete the survey below, "[My Schedule Preference Survey](#)". We will grant families their schedule preferences on a first-re-enrolled, first-scheduled basis. Current families will receive schedule preferences ahead of new families, provided you have re-enrolled for the new school year. Please fill out the survey today!

Thank you for your ongoing support and partnership. We look forward to seeing you soon!

With gratitude,

Audrey
